REMARKS

The Examiner rejected Claims 1, 3-4, and 6-7 and objected to Claims 1-7. Claims 2 and 5 were indicated as allowable if rewritten in independent form and amended to overcome the claim objections. The foregoing amendment amends Claims 1, 5, and 7, cancels Claim 2, and adds Claims 14-17. Claims 8-13 have been withdrawn.

The Examiner alleged that both instances of "the" on line 2 of Claim 1 should be replaced with "a". Line 2 recites "the coupling . . . the double tube." The preamble recites "a coupling for a double tube" and thus, provides an antecedent basis for the coupling and the double-tube recited in line 2. The remaining objections raised by the Examiner to Claims 1, 5 and 7 are addressed by the amendment. The cancellation of Claim 2 renders the objection to Claim 2 moot.

Amended Claims 1 and 5 include subject matter that the Examiner has indicated is allowable. Claims 3-4 and 6-7 depend from Claim 1 and Claims 14-17 depend from Claim 5. Thus, it is submitted that Claim 1-7 and 14-17 are allowable.

Specification

The Examiner objected to the specification for a typographical error. The foregoing amendment corrects the typographical error.

Drawings

The Examiner objected to the drawings alleging that the joining rib (103) was not shown. The joining rib is shown in Figure 13 and Figures 3, 9 and 10 have been amended to more clearly illustrate the joining rib.

Information Disclosure Statement

The Examiner indicated that a copy of the European Search Report was not received with the IDS filed July 26, 2004. A Supplemental IDS was filed on November 29, 2005 that included a copy of the European Search Report.
